ROBERT E. BURKE,  
Democratic Candidate for United States Senator, Whose Record Run  
Astounded the Political World.

### VOTE FOR THOMAS M. SULLIVAN

His Peerless Record As Sanitary  
Trustee Entitles Him to  
the Office.

One of the best men to hold the position of Sanitary Trustee was Thomas M. Sullivan. His record as a member of the board was above reproach. He is honest, able and aggressive.

Thomas M. Sullivan deserves election as a candidate for trustee of the Sanitary District of Chicago.

His former record on the board is a sufficient guarantee of his ability and trustworthiness.

As chairman of the engineering committee during his former term he placed 22,000 arc lamps in the streets of Chicago.

He turned the first shovelful of dirt on the Sag Channel and labor was given abundance of work while he was chairman of the committee.

His work was of a progressive character and the different committees of women, both Democrats and Republicans, who made a study of his record and attended all meetings have often testified to his efficiency and expert knowledge of Sanitary District affairs.

Mr. Sullivan is an ardent advocate of a deep waterway to the Gulf. He believes that the land owned by the

District along the North Shore and its channel to Lockport and, incidentally to Starved Rock, should be used for building a boulevard to relieve the congestion on our streets.

He is known as an expert on the very complicated question of sewage disposal.

No member of congress has done more work for the good of his constituents than Congressman James McAndrews of the Sixth Chicago district. He is able, affable and industrious and never overlooks the needs of his district. A great number of public spirited citizens and businessmen, headed by former President Thomas A. Smyth of the Sanitary District of Chicago are working hard for McAndrews' re-election in the interest of the whole city.

Calvin F. Craig, the able president of the Mechanics & Traders State Bank, deserves great credit for the well deserved popularity of that big West Side institution.

Albert J. Hopkins, who made one of the best United States senators Illinois ever had, would make a great governor.

Alderman Fetzer has been a consistent advocate of a tag day for policemen and firemen.

"One of the first things that challenged my attention when I entered the council," said Alderman Fetzer today, "was the low salaries paid to city employees, particularly policemen and firemen."

### ILLINOIS News Happenings

Dixon.—Groundhog day was recently observed in Lee county. A unique campaign was conducted by farmers with their sons and hired help, to exterminate the little animals upon the fagots. The gas from carbon bisulphide was introduced into the burrows and this proves efficacious in destroying the pests. Some owners of motor vehicles also adopted the plan of diverting the fumes from the gasoline engine exhaust into the openings. The animals are very prolific and when a farm is honeycombed with them, the value of the land is greatly reduced.

Springfield.—Prizes won at the 1920 Illinois state fair have served to add much impetus to the work of Sangamon county boys and girls who are interested in agricultural and live stock clubs, according to L. A. Madden, Sangamon county farm adviser. Fifty-three club members of the county who exhibited stock at the state fair this year carried off 91 ribbons of which 23 were blue, making an unusually good showing, Mr. Madden says.

Bloomington.—As a direct result of worrying over the coal situation, William H. Johnson, aged fifty-four, shot and killed himself in a warehouse at Bloomington. Owing to the pressure of customers for coal the last few weeks, with the inability of the company to get coal enough to keep up with the demands, Mr. Johnson had worked himself into a state of nervous exhaustion, leading to damage.

Springfield.—Condition of the corn crop in Illinois on September 1 was estimated at 72 per cent normal, indicating a crop of about 281,000,000 bushels, as compared with 201,000,000 bushels produced last year and 347,537,000, the average of the five years 1914-18. The estimate was made by the United States department of agriculture bureau of crop estimates, in co-operation with the state department of agriculture.

Carlinville.—Election judges and clerks in one precinct of Macoupin county waited at the polls all day for some one to appear and cast a ballot at the state primary, but they waited in vain. "No votes," was their report. They had "forgotten" to vote themselves. It was Chokola, the first capital of Illinois, precinct No. 4, that maintained this strict neutrality in the primary contest.

Springfield.—There was an increase of approximately \$8,000 in receipts on gates at the Illinois state fair of 1920, according to a report, which has been given to Charles Adkins, director of agriculture, which is subject to revision. All departments included in the report show increases, with the exception of money received from tickets, which are sold at the general offices.

Marion.—According to the assessment records of Williamson county there is one township that has several thousand inhabitants without a single watch, clock or sewing machine, but that township which includes portions of Johnston City, White Ash and Pittsburg, is long on amusement. This township, which keeps time by a sundial, has 174 pianos and 61 organs.

Springfield.—The constitutional convention, at recess for weeks, reconvened only to adjourn until after election. It will reconvene November 8 and, by resolution of the rules committee, will remain in continuous session, six days each week until the constitution is drafted.

Chicago.—John Fitzpatrick was re-elected president of the Chicago Federation of Labor for the fourteenth consecutive term and Edward N. Nockels was selected secretary for the eighteenth time at the annual election of officers.

Decatur.—This city is facing a serious stringency in municipal accounts, the taxes being \$125,000 short of actual needs. It has been found necessary to levy a number of special taxes to increase the funds, else many departments must be seriously curtailed.

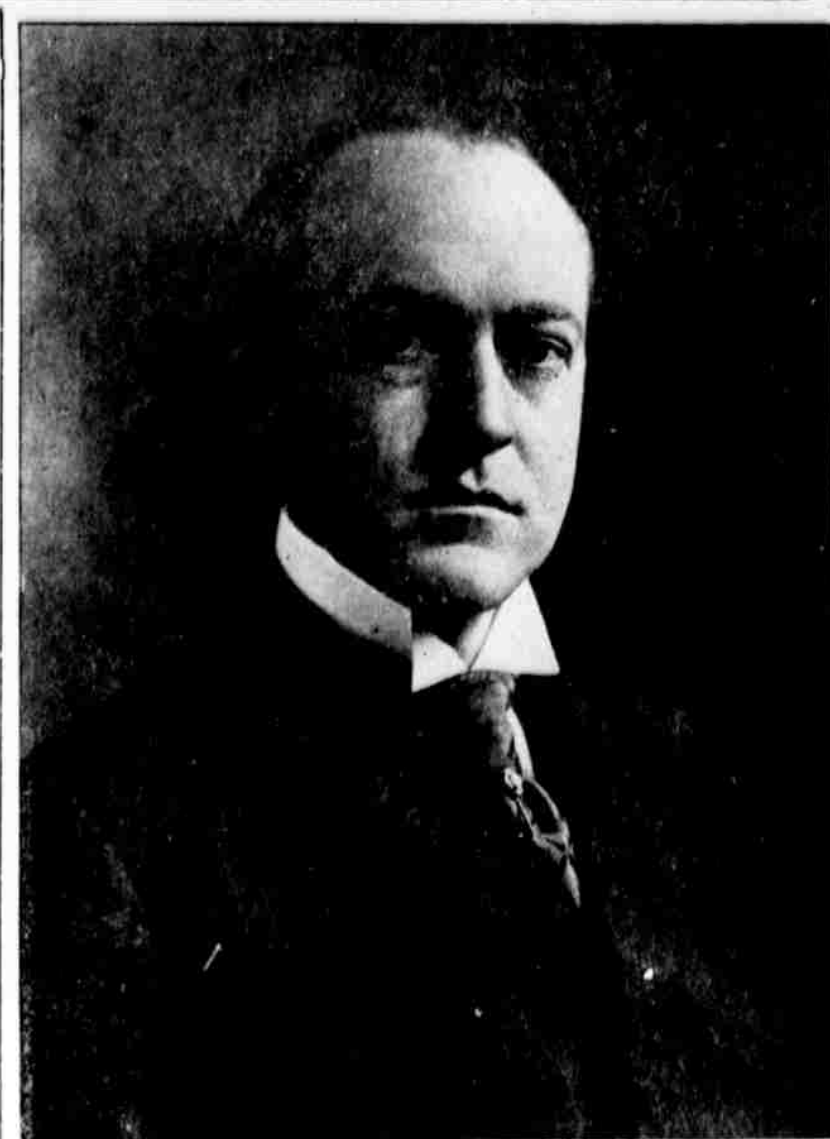

Litchfield.—For the second time in its history Montgomery county has been given a clean bill by a grand jury. The inquisitorial body met and adjourned, having had no cases to investigate.

Kankakee.—An unidentified negro, believed to be from Chicago Heights, was shot to death by a posse which had surrounded him after he had been caught robbing a residence near Hamilton.

Aurora.—The Aurora Elks have launched a campaign to raise \$150,000 for the construction of a building. A lot costing \$20,000 has been purchased.

Harrisburg.—The Galatia bank was wrecked by fire, and the robbers failed to reach the inner vault. An overcharge of nitroglycerin completely demolished the bank building and woke the entire town. The robbers fled without trying to reach the safe.

Springfield.—United States Senator Lawrence Y. Sherman of this city is facing the alternative of a year's complete rest from work or blindness. Specialists have decided there is no other help for him as he has almost worn his eyes out by overwork.

Popular Attorney General, Who Was Renominated at the Primary and  
Will Be Re-elected in November.

Popular Assistant Corporation

for Municipal Judge.

John A. Bugee, one of the best known and most popular lawyers in Chicago is a Republican candidate for Associate Judge of the Municipal Court. ### FOR JUST TAXES

Property Owners Outside of the  
Loop Resent What They  
Call a Very Unjust  
Discrimination.

Home owners and owners of realty outside of the loop are loud in their protest against what they consider unfair taxation.

They are raised over 31 per cent on their valuation while the loop district escapes as usual with the same percentage as the little fellow.

All business is driven to the loop by every bit of city legislation.

Rents in the loop have been raised exorbitantly. The loop taxes on income property should be raised accordingly.

Several of the aldermen are feeding class hatred by abusing property owners.

Chicago people are doing pretty well in the way of boosting the town at home. Patronize home industries. That is "boost" enough.

Maurice T. Cullerton is much respected as a leader in labor circles.

Captain T. P. Barry, the popular general manager of the Globe Mutual Life Insurance Company of Chicago, is one of the most popular underwriters in the state, as well as a progressive citizen whose views are always popular with men who love justice and honesty.

Frank Johnston, Jr., able judge of the Circuit court, would make a great governor of Illinois.
